Dear Friend,

My name is Tony Robbins and for the past three decades I have devoted my life to helping people discover and develop their own unique qualities of greatness and start living the life of their dreams.

I have had the privilege of helping more than 4 million people from over 100 different countries around the world take control of their lives, overcome their problems and start living life on their terms.

I have served as a trusted advisor to great leaders around the world such as Nelson Mandela, Mikhail Gorbachev, Princess Diana and Mother Teresa to name a few.

Now I don't say this to impress you.

I say it to impress upon you...*I can help.*

How do I know this?

Well let's just say my life hasn't always been this way.

I was anything but successful.

There was a time in my life where nothing seemed to be going right for me.

Nothing ever worked out.

I felt like a complete failure.

I was struggling emotionally, lonely and incapable of making my life work.

I was broke in every sense of the word.

Financially, physically and emotionally.

I was living in a 200 square foot bachelor apartment washing my dishes in the bathtub.

My life was a mess.

But I managed to turn things around.

I went from a place where I was broke financially wondering how I was going to pay the bills...

To becoming the owner of my own highly successful business and complete abundance financially.

I took myself from being dangerously overweight to being losing 30 pounds in 30 days and feeling more vibrant and energetic than ever before.

I had no success romantically and yearned for a loving, passionate relationship and a family to call my own.

I met the girl of my dreams, married her *and inherited 3 kids instantly!*

And I finally moved out of my bachelor apartment to my new home.

A 10,000 square foot castle overlooking the ocean in Del Mar California.

And I made all these changes in only 12 months.

Unbelievable right?

I think you'll agree these are some major changes?

How did I do this?

I finally had enough.

I decided I wasn't going to live my life this way any more.

I made a decision.

I went out and learnt everything I could about personal development.

I read all the books and attended every seminar I could.

By using the latest breakthroughs in human performance technologies.

The very same techniques I now teach my private clients so that they too can design a life to be proud of and achieve their goals?

But before I reveal to you how I do this let me ask you a few questions.

And please...be honest with yourself.

- *Do you ever feel unsatisfied with your achievements in life?*
- *Do you feel you are not experiencing the lifestyle you deserve?*
- *Do you yearn for more loving, caring relationships?*
- *Do you want to achieve greater levels of success than you are currently experiencing?*
- *Would you like to feel better emotionally on a more consistent basis?*
- *Would you like to free yourself from negative feelings like stress, anxiety and overwhelm?*

If you answered “YES” to any of the above then listen up...

I believe that at one time in our lives we all had a vision for the quality of life that we desire.

Yet for many of us those dreams have become so shrouded in the frustrations and routines of daily life that we no longer even make an effort to accomplish them.

We get caught up.

Caught up with daily life.

We lose sight of...

For far too many the dream has dissipated and with it so has the will to shape our destinies.

Many of us have lost that sense of certainty that creates the winners edge.

My life's quest has been to restore that dream and to make it a reality.

To get each of us to use the unlimited power that lies dormant within us all.

We need to get clear once again on what is important in our lives.

I like to think of Personal Power II as the blueprint for getting us back on track.

Nothing could be further from the truth my friend.

It has always been my goal to help as many people as humanly possible live up to their true potential and to do that I need to price 'Personal Power II' so that it is accessible to those that need it most.

I can't personally coach everyone.

There just aren't enough hours in the day.

My coaching fees alone would price the vast majority of people from ever getting to work with me.

I have many clients who pay me upwards of \$1,000,000 per year to personally coach them.

Let me ask you...

How much would it be worth to you to get access to my very own personal blueprint that has allowed me to totally transform my own life from one of complete lacking to one of complete abundance.

Let me put it another way...

How much would it be worth to you to have a million dollar coach by your side every day for the next 30 days?

Even if I was asking \$1,000 for this it would still be the bargain of the century don't you think?

Because what you're getting here are the keys to ultimate success on all levels.

But thankfully I'm not going to charge you \$1,000...

I'm not even charging \$599.

\$399?

Not a chance.

In fact, not even close.

If you act right now...

You can purchase Personal Power II for only \$299!!

And let's not forget. You're completely safe in the knowledge that if you are not completely satisfied with your purchase you can return the package for a full refund anytime during the next 30 days...no questions asked.
